

# THANK YOU

*Jerry & Jeannie Taylor, Honorary Chairs  
CASA's Give a Child Hope! Campaign*

Today we Celebrate Home. Imagine for a moment what home means to you. Home is a place where we feel safe. The place we seek where we are embraced with unconditional love, support and the feeling of being cherished. Belonging. CASA would like to recognize two people in our community who helped build our new home, and in doing so, helped children in our community experience the hope and feeling of home as well. As Honorary Chairs of CASA of Jackson County's "Give a Child Hope!" building expansion campaign, Jerry and Jeannie Taylor opened their home and their hearts to CASA and the children we advocate for.

Jerry and Jeannie have always been a foundation of support in this community. We cannot express how honored we are at CASA, to have such admired and valued people agree to build this vision with us and to be such an intricate part of it. We thank them for their unwavering passion, support and being our voice in the community.

Please join us, in recognizing Jerry and Jeannie for being the key to CASA's new home and for building the supportive, well lit path for children in our community to find us, to find home.

*~ Board of Directors, CASA of Jackson County*
